Congratulations for ordering an opportunity of a life time. You could be soon on your way to making money just by processing simple e-mails online and working only 2-3 hours a day! Our mission is to make it possible for average people to be able to earn a nice extra income from the Internet processing e-mails from home. We want to be the best in this field and provide you with the best customer support as possible. We will do our best to make you succeed!

As we have explained in our website this program only requires basic computer skills and you can do this work anywhere as long as you have Internet access. We made it clear on our site you will not be spamming people to get paid \$25.00 each. That is not realistic and not how this program works. Plus spamming is illegal in just about all states. Interested prospects will be requesting for this information, so you'll not be spamming. Remember this is a real legitimate opportunity you can use to make a good daily income from home. This is not a "Get Rich Quick Scheme", so please have realistic expectations. We use this system ourselves to make good money on the daily basis and it is proven to work. If you need any help getting started our customer support team will be glad to assist you promptly. Follow the simple step by step instructions below to get started right away.

Step#1 The first thing you should do it sign up with a FREE [PayPal account](#) . This is how you would receive your payments for each e-mail that you process. You can receive your payments instantly and have your money transferred directly to your bank account! You also may have the funds sent by check by mail if you prefer. If you have any problems signing up a free account with PayPal, please contact the company directly and they will be able to assist you promptly.

Step#2 As we have explained in our website there are no names or mailing list to be bought and people will be requesting for these e-mails to be sent to them. In order to start the process of this system, your next step will be place ads online using the no cost advertising resources we give you. You will not have to do any face to face selling, printing, mailing through the mail, pay any postage or spend a dime in advertising. Everything is done through the Internet!

Step#3 When your ads are placed, interested prospects online will be interested in our 300 Work At Home Firms (which we provide for you for FREE) These clients will pay \$25.00 to you directly to your PayPal or StormPay e-mail address account. You can make money the very same day!

Step#4 When you are paid the money to your PayPal account, you will get a confirmation to your e-mail address that reads "You've Got Cash!". Respond to the e-mail by sending the 300 Work At Home firms report.

Using the methods we provide you can make you a steady cash flow 24/7 directly to your PayPal account working only 2-3 hours a day! There is no face to face selling, cold calls, printing costs, or postage expenses involved in this program. We make this system so easy for you everything can be done through the Internet!

Still not convinced? OK, lets do a few conservative calculations. Lets say you spend an

hour placing ads using the free advertising resources we give you and three clients pay you \$25.00 each directly through PayPal! **3x\$25.00 = \$75.00!**

Not bad for about an hours work! Lets say you place ads for two hours and get 6 people to pay you \$25.00 each directly through PayPal! **6x\$25.00 = \$150.00!**

Now lets say you went all out and placed these free ads for 3 hours and get 12 clients that pay you \$25.00 each directly through PayPal! **12x\$25.00 = \$300.00!**

You could make \$300.00 just for working about 3 hours! If you can make \$300.00 A Day that be **\$2100.00 Weekly!** The numbers really add up, so get really excited about starting this business. Remember this is Instant Cash through PayPal! There is no waiting for a check in the mail. You can be getting paid 24/7 even while you're sleeping. Just make sure you process the e-mails and send the report within 48 hours upon payment.

The examples we gave you above are very conservative figures. We have people getting much higher conversions then that! You may want to try \$5.00, \$10.00 or \$15.00 and may get better conversions. It's up to you. We recommend using from \$5.00-\$25.00 to get the best conversions.
